1. SCIENCE AND RELIGION!

15 – 08 – 1997

Scientific knowledge entirely based
On logical consistency - not biased -
Repeatable experiments, accurate
Observations, predictions that create
Methodology of science clear cut
From hypothesis to theory put,
Then experiments confirm or deny.
If observations don't agree any
Theory abandoned or modified.
If modified, it's again verified.

As opposed to science that's purely based
On reason, it's from faiths absolute fused,
That the religion draws its sustenance!
All the knowledge religious, the essence
Were passed on to humanity, by Seers,
Prophets, Sages; through centuries through scriptures!

Clearly science and the religions
Belong, to two entirely different domains
Yet some religious preachers try to explain
Religion in terms of science - why this disdain?!

What's your comment if a scientist succeeds -
Proving God's non-existence and proceeds
To say that it's by the grace of the God
That he succeeded in proving God, fraud?

Naturally, though he succeeded in
It, the scientist still couldn't manage win -
Back his conscience kidnapped, while enjoying -
Mamma-milk; his subconscious is trying
Without success, to get freed from the jail,
Slavery; let's hope, one day, truth will prevail!

((((O))))

2. SCIENTIST AND RELIGION!

12 – 08 – 1997

Newton entertained quaint beliefs religious
But, never his such beliefs frivolous
Interfered, excellent scientific work!

Some couldn't think the existence of this Park,
Without some grand Designer – rigorous!

Einstein felt science depended on religious
Attitudes; and that devotion enabled
Man attain achievements; as he fumbled,
The great scientist, scientists a few
Others too might have followed, then anew!
Words "Science without religion is lame,
Religion without science is blind," came
From Einstein; and for that only reason
Many scientists are in Gods' prison!

Einstein was apparently guilty when
He made the famous statement - he did pen -
"God does not play dice," as the subsequent
Developments show God is delinquent!

God does play dice on occasions, proving
Wrong his opinions, religious praising!

Everything that's happening in our head
Could be explained by the behaviour led
By neurons billions; sorrows, memories
Joys, ambitions, free will, even worries
And sense of personal identity,
Human consciousness, personality
Are all nothing but neurons packed nerve cells,
Their behaviour - famous Frances Crick tells!

Researchers in Canada identified
Differences in Einstein's brain mystified!
In nineteen fifty five when he died at
Seventy six, his brain was removed and kept.

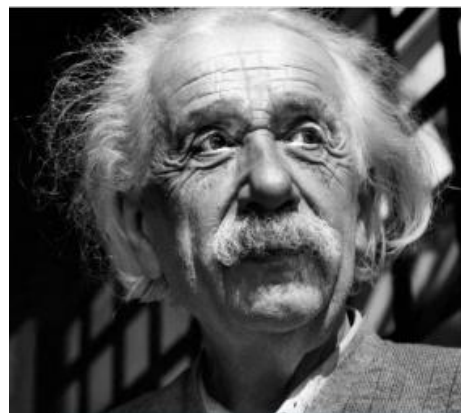

Sandra F Witelson and others compared
Anatomical measurements gathered
From Einstein's brain, with thirty five YOMES' and
Fifty six XOMES'- intelligence normal brand!

In his case, two areas found on each side
Called 'inferior parietal', wide
More by fifteen percent was those regions.
A groove 'sylvian fissure' here fashions
A C-shaped groove with 'post central sulcus'.
Morphology this found in Einstein, focus
The difference between the hemispheres
Of Einstein's brain and that of the others!
In creation and manipulation
Of three dimensional resolution
Of spatial images and mathematical
Representation of concepts visual!

In that area, more neurons highly
Integrated cortex networks amply
Makes one better doing those mental tasks
For which that dedicated area sticks.
In Einstein's case it's the mathematical
Scientific thinking domains' a typical
Anatomy, reason for exceptional
Intellect: but in other domains, normal!

If Einstein lived now, with personal computers, science
Of space, cloning he would have showed more intelligence!

He wrote to German philosopher
Eric Gutkind "The word God is for
me nothing but the expression
and product of human
weaknesses ,...."!

(((0)))

3. PRIESTS AND RELIGIONS!

09 – 08 – 1997

Existence of religion, life and death
Problem for the priests, as food theirs comes forth
By making innocent humanity
Blind believers and slaves of vanity!

What a comfortable life! Needs no toil,
No tilling of land, pulling of gears foil
All physical exertions; just reading
Scriptures and a bit gesticulating
Quite sufficient to earn food and honour!

So, to keep religion alive, priests corner
Ways different; give publicities great
About wonders performed by God - to beat
Atheists- through all the publicity
Mediums; bribe scientists for duplicity;
Scientific magazines are published
Interpreting and trying established
Scientific truths to get distorted
Purposely to explain by concerted
Efforts, religion in terms of science
And see common man with cheated conscience!

At the public propaganda meeting
Dumb is made to speak and Deaf hear speaking,
Lame to walk well, those Ill cured - magically -
All staged neatly and very cunningly
To impress innocents, of God's mighty!

If a mere prayer sufficient - it's beauty -
To cure disease, then why first assistant
And great assistants of Gods were hastened
To best medical aid?! Doesn't: such acts prove
Priests' culpability; man disapprove?!

((((0))))

4. MAN AND RELIGION!

18 – 08 – 1997

Man can't be cheated long; the religion's
Ruling machine's so set up, legions'
Struggle alone, could reset our bond - chain
Of slavery to priests' dictatorship reign!

What a lot is spent for pleasing the Gods
Got a pat; not so pleasing to the 'Mads'!
Sufficient are our Churches, Temples, Mosques,
Synagogues, Pantheons, Pagodas, Kirks
Let's preserve them for our posterity
So as to quench their curiosity!
Never commit crime, don't pull down any,
Let's not anymore waste, hard earned money
For constructing places for praying Gods!
Your home or a road too: do like, the Lords!

Their erections help only parasites
To earn the comfortable living heights
Without toil, but at the others expense!

If all the money that made the Nonsense
Were used for hospitals, educational
Institutions, homes for aged, vital
Orphanages; now the world would have been
Turned into wonderful heaven never seen!

At least in future, let us enforce ban
On new Pantheons: if there's will, we can!

Man's superstitions created the God:
Even now man is under the spell – sad!

Let's help each other, let's love each other,
Narrow considerations why bother
Us: we are real Men, not Sikhs, Jews, Christians,
Moslems, Hindus, Buddhists, Shamanists, Jains.....!

(((0)))

5. GODMEN AND RELIGION!

21 – 08 – 1997

THE HINDU dated
PUDUKOTPAI, Aug. 20

Performed feats, brought 'lingams' out of his mouth,
Sacred ash out of his hand, and thus with
Miracles shown, claimed God's incarnation -
Status; earned he a following for action -
Himself; PMND -sex-love enjoyer-
Flouting all norms 'f human civilized behaviour;
Subjecting girls to ignominy, and
Humiliation to victims, that land
Them to great trauma psychological
Of poignancy and agony-lethal!

Performed one witness in court, similar
Feats and proved, they were merely tricks thriller
Or slights-of-hand and had nothing to do
With powers supernatural supposed do!

You ask 'godmen' to bring from space a chair.
(They could bring only things hand could hide fair.)
They would turn angry and see you thrown out
As they would have backing of rowdies stout
And the blind superstitious believers!
This is what was and is happening years
And years, all because of bogus 'godmen'!

Present case came to light, as, from the den
Inmates two, Sureshkumari and Latha came -
Out on October thirty one - braving shame -
Nineteen ninety four and gave interviews
To a newspaper whí.ch published the news.

Under the rules a case was registered
And finally to Sessions was transferred
On November twenty three, ninety five!

Famous lawyers costly, too had to give
Up in the end as prosecution cause
Was so strong and witnesses not perverse.

In golden letters is to be written
Twentieth August nineteen ninety seven!

In India, at Pudukottai District -
And Sessions Court, the Judge gave very strict
Sentence to self-styled 'godman' to undergo
Life imprisonment for two terms and forgo
Rupees sixty six point four lakhs total fine
For committing cruel, barbarous crimes thirteen
By raping girls; and another heinous
By severely beating Ravi, a generous
Inmate of the 'ashram', confining him
To hut, starving to death and burying him
In backyard of 'ashram'! Happened all sin
Under cover of saffron clothes, between
Years nineteen eighty three and eighty four!
Assistants abetted rape to the core.

Regretted Judge that even educated
People became gullible victims cheated!

Only maximum possible under
Laws were awarded punishment: ponder
Whether Law meets gravity of offence!

With other punishments, chopping off thence
His organ of offence too, only will
Make punishment, deterrent to instill
Fear in other self-styled 'godmen' who indulge
In commission of similar crimes bulge!

** *****

Truth and justice here triumphed ultimately!
To Judge Bhanumathy, Kudos, promptly!

(((0)))

6. GODMAN, PRIEST! BOTH SAME!

08 – 09 – 1997

Thirteenth May ninety seven HINDU, reported:
Public interest petition alleged:
Having mesmerised, young boys and girls were
Taken to Kalki Bhagwan 'Ashram' near
Poonamallee, called Nemam, where they were
Engaged in activities quite unfair,
Illegal and would return home never!
Self-styled 'godman' VVK was doer!

Seven nine ninety seven, HINDU published
News, Mob sets fire to ashram; police flushed
Out, 'godman' Father JJS and four
Others, including two women too, for
Alleged involvement in activities
Immoral - against norms of all societies -
Within the "Charismatic Centre" at
Marthandam near Nagercoil limit,
Run by that priest excommunicated
From Roman Catholic diocese located
At Kanyakumari; and fourteenth Paper
Reported; substantial evidence clear,
Obtained proving 'godman' guilty of rape,
Murder and kidnap - worthy of his type!

Facts, fantasy not, reported in the Press-
They are: included here may make a fuss
Even facts they would contradict tooth and nail;
For, cases very few leak out: lies fail!
They know, thousand lies would make it a truth!
Nazism and Fascism no better come forth
Than Religious Fanaticism; caution!
'Man-cheatisms', synonym of religion!

(((0)))

7. CURSE OF RELIGION!

27 – 08 – 1997

The HINDU daily dated twenty seventh
February, ninety seven, brought forth
The news, "More suits against priest", on page ten
That priests and believers would like forgotten!

(Lawsuit the fifth has been filed accusing
A retired Catholic priest of molesting
Children at various parishes in
Boston area over past three decades! Sin!

Thirty eight persons have now come forward
To accuse the Rev. JGH the fraud,
Of sexually abusing, them, over
His thirty one year eventful career!

With Roman Catholic Arch Diocese
One suit settled last year gives genesis!

While GN was at the St. Julia's church,
Weston, Massachusetts, where he used perch
As priest, in nineteen ninety, had molested
Three young brothers - savagery hard-‘thrusted’!
Monday's latest, suit filed in Cambridge including
Four other suits against him are pending!
Victim, Ken. Mclean accuses publicly
Rev. GN of molesting him criminally
In nineteen seventy when he was eleven!
GN, Boston nasty party proven!)

On twenty eighth July ninety seven
The HINDU, published Dublin news given
In New York Times that was titled, "Priest Jailed
Again for child abuse," case that have boiled
Northern Ireland; (Friday, Rev. BD S
Was sentenced twelve years in the prison with
His conviction in the seventy four
Instances of sexual abuse sin, for
Over thirty six years, of twenty people young!

S, seventy one, finished serving
Four years in prison in overwhelmingly
Roman Catholic country, four months only
Ago for offences quite similar!

Notorious not for peculiar
Actions, but also for Prime Minister
Albert Reynolds' government's fall disaster
In nineteen ninety four, as he was forced
To resign soon after it was disclosed
That his attorney-general, Mr. Harry
Wheleham, had then delayed to carry -
Out processing requests from the British
Authorities in Northern Ireland, wish
For the priest's extradition! Oh! Pity!

Embarrassed Catholic hierarchy
That was widely castigated culpable,
Failed to discipline S when credible
Complaints were made against him by confused
Parents, children of whom had been abused
The church responded, but only just moved
Him, parish to parish to see him cowed!
Years three ago, to victims apologised
The Cardinal Cahal Daly, the winced
Former primate of Ireland, as cases
Brought him to tears, and church since found bases
Guidelines issued for bishops, to be used
And act on abuse complaints identified!)

Mountains east, sea west, between them valleys
Nature blessed, lies land of coconut trees
After long pitch darkness, dawn of light fed -
Forest there at mountain slope, wet dew red,
Partly hidden under leaves wild on mud
Lay the body that of lady, no thud!

As sun peeped in, public recognized her
As one close to priest, the lustful tempter!
Post-mortem examination proved sure
Murder cold-blooded; she pregnant and heir!

Case against the priest, concerned police filed,
Hatred against the Kerala priest, boiled
As the priest was charged with rape and murder
And the 'pregnant' news, him reached like thunder!

Days and months the case went on in lower:
Courts; it was talk of day, was sour to Power!
Mugging up dailies sat 'XOMES' in front of hut,
Public meeting semblance junctions had put
All illiterates turned readers voracious
Famous case, crossed oceans, rocked ferocious!

For crimes, convicted him even High Court
Party appealed, acquitted Supreme Court!

But, can such cases, incriminating
Someone, arise without substance having?
Question answerless still choke the public
Criminal Mentalities prolific -
Everywhere, but, blind believers not rare;
Criminals, crooks, never would let them spare
Good men if let not unharmed, doesn't it mean,
God, not saving him from hurt, is so mean!

Have you ever pondered why priests: indulge
In such heinous criminal acts; victims divulge -
Once, news spreads like fire and kindles a pyre?
It's the meaningless blunder rule, that tire
The priests, the prohibition not to marry!
Religions impose and try to carry -
Out it to cheat common man, by putting
Semblance of 'sacrificer' rejecting
All self interests for the sake of mankind!
But, how they fulfill, urges sexual kind?

Like urination, excretion, eating
Ad drinking, it's a natural urge – mating!
Doing away with it isn't easy task
When normal ways out of reach, it would ask
For ways unnatural or illegal!
Religions some, give matrimonial
Sanction to priests, but some branches do not!

Emotions yearn to find out-let a lot,
Repressed emotions can't be long bridled,
Suppressed those will explode, can't be controlled!

You say, God created man; created
He, man in both sexes, instructed
"Be fruitful and multiply, "replenish
The earth," isn't man's duty to accomplish
What God ordered? But, see didn't the Son just
Remaining bachelor, did breach of trust?
And priests do the same, just to cheat the man
Isn't religions; responsible for the pan?
Strict set up, same in all the religions,
Very few cases leak out of legions!

((((0))))

8. FAMILY AND RELIGION!

15 – 09 – 1997

Here and there one could see families few
Brother, sister, parents - different hue!
Brother a Hindu, sister a Christian,
Father Moslem, mother Sikh puritan!
Doesn't the existence of families such,
Proof ample, to show how religions much
Could co-exist in family single?
Even atheist: do with them mingle!

Inter-religion marriage, though too rare
They take place as a result of love-affair!
But, very few wives and husbands could follow
Own religion after marriage: prestige allow'
Not them to do so: pity either wife
Or husband changing religion still rife
Someone is compelled, and the change instant
For the sake of the marriage fulfillment!
Otherwise, love affairs may turn failures
Proclaiming, emptiness, desire allures!

Will someone enlighten: which God did fix
Proselytizing, condition to mix!?
Because of heavy pressure or compulsion
Isn't bridegroom or bride changing religion?

Each believer, a kind of mental patient,
Oh! Fear psychosis, of God impatient
God's existence, a still debated one,
Not proved, though blind believers presume on!
**Parents have no right to force the children
Into blind lambs; let them grow in modern
Scientific environment: not slave of your
Selfish dream God! Psychiatrists can't cure!**

((((0))))

9. SINNERS OF A RELIGION FLOCK TOGETHER!

20 – 09 – 1997

To pray the God dear, they did congregate,
But, cruelly He did reciprocate!
More than twenty lakh Haj pilgrims were they
On April fifteen ninety seven to pray!
White tents seventy thousand on the plains
Of Mina in Saudi Arabia burns!
In inferno there did lay two hundred -
Dead: and injured one thousand two hundred!
Couldn't reach Islam's holiest of holy
Shrines at Mecca! Does it mean, praying folly?

In ninety, in a tunnel did perish
More than thousand, in stampede He cherish!
In years recent, it's the fifth time, homage
Paid to victims of the Haj pilgrimage!

February twenty two, ninety seven!
Devotees more than hundred sent to heaven!
Over five hundred injured 'curiously'
In the fire devastating 'profusely'!
Out of five thousand devotees, God found
Eligible, only hundred profound
At religious congregation in town
Baripada, Bhubaneswar count-down!

Decorated very-very tastefully
And illuminated so lavishly

With devotion greatest: did they erect
'Yaagasaala': but, there hid top secret
Chanting, "Vedas and performing 'homam'
Sat the priests to please the Gods 'inhuman'
Hoping, salvation sat the innocents
Watching 'poojaas': at the sacred precincts!

Thatched roofs, ghee, condiments - materials
Inflammable impatiently waited arrivals
Of Gods of fire and wind to give reception
Tumultuous, bereft of occasion!
The Big temple" did wore a festive look
For Mahakumbabishekam" the Crook!
For, with wails of sorrow rending the air
It was transformed soon into graveyard fire!

Brehadeeswarar-temple-God enjoyed
Devotees suffer disaster He deployed!
Gruesome fire left over sixty persons dead,
Injured cruelly over two hundred!
Majority of the victims were 'XOMES'!
An eerie silence engulfed all the homes!

Frequent are at religious congregation
Many gutted in a conflagration!
"Kumbhamelaas' attract vast multitudes,
With regularity inexorable, occur stampedes!

Delhi Green Park Uphaar Grand Cinema fire
Killed sixty, while enjoying the picture!
Difference He finds none between those watching
Adult film and those at temple worshipping!

Does, leaving all those, in rest of the world,
Selected few, mean, God not having hold
On others, or others aren't more sinners?
(Commonsense can't agree with His manners!)
Or, were they all who sinned, brought together
At time and place to be punished together!?
Trampling away all invaluable
Are we fools to believe unbelievable?

((((o))))

yaagasaala: a place where sacrifices are made to God.
homam: offerings in fire. poojas: worships.
kumbhamela: a very great religious festival.

10. KILLINGS! RELIGIOUS!!

26 – 09 – 1997

In HINDU, Algiers news was given
On: twenty fourth August ninety seven.

Armed men attacked rural hamlet outside
Algerian capitals setting, aside -
All the humanistic norms, and crying
'Allah Akbar' - God is great it meaning -
With each slaying, killed sixty four persons!
Barbaric, whatever may be reasons!
With throats slit, lay many, bringing total -
Souana massacre, thousand: hospital -
Sources said: and survivors reported,
A dozen young girls, attackers kidnapped
Near town Larba, as they fled the hamlet!

Fighting an insurgency that has left -
Sixty thousand people dead, since ninety two.
They bore hallmarks of massacres attributed to
Armed Islamic faction, most radical
To install Islamic State, does group rival!

**Can anyone kindly inform, which God
Asked to kill each other in the name of God?**

Through centuries, many a war was fought
In the name of Lords, and ravages brought!
Only man's intelligence expanded,
His commonsense still at large stagnated!

Is God's inability to punish -
Those against Him, prompts Man to relinquish -
Peace, and adore, embrace, brutal violence
In holy wars, crusades that give license!?

GOD HIMSELF, WHEN FAVOURS THE REMISSION
WHY, MAN BOTHBRS OMISSION, COMMISSION?

((((0))))

11. BELIEVERS! WISEACRES!!

30 – 09 – 1997

Today you say: 'sathi' and child-marriage;
Objecting to young widows' remarriage;
Human sacrifice; untouchability;
The law of unapproachability;
All in toto, to be superstitions!
But, once, our ancestors believed, those notions
Part of our culture, not to be changed at all
For, they felt, if it was changed, doom would befall:
But, today we have already changed it!
If we hadn't; time itself would have changed it!

Having ingeniousness discretionary
Others quite sure, you too supplementary,
Superstitious with attitude suppliant!
Can anyone explain, clearly chant,
Exactly where lies the line, dividing -
Superstitious and non-superstitious coding,
Into compartments water-tight quite right?
Wiseacres you are, for, others don't fight!
Don't you believe: God; flattery addict
Who likes film tunes, sadist, partialist, strict?
Getting enlightenment, not so rapid
Present customs all yours, you feel splendid
To please Gods, you, now bribe, make sacrifice s.

Worship-places would turn mere edifices,
Moments tomorrow, man would preserve
For posterity: proofs ample to prove:
At Kancheepuram, temples few are present
Under archaeological department!

Yesterday's beliefs, today's superstitions
And today's, tomorrow's transformations!

((((O))))

sathi: wife jumping or thrown into the pyre of husband

12. RESURRECTIONS!

04 – 10 -1997

1. News by AP, dated five two eighty five,
Milwaukee, USA; HINDU gave:
Two-year-old boy, virtually frozen
To minus twenty five degrees C! Hasten!
Lo! Ice crystals had formed beneath his skin -
And blood, such temperatures survived none!
Appeared 'clinically dead", to heart-lung
Machine connected, warmed his blood, as doctors swung
Into action, cutting-open his arms,
Legs, to allow tissues expand to forms!
But, Michael Troche was surviving,
Not only that: on Monday found thriving
Adding more on Hypothermia-knowledge
- Low body temperature could indulge! -

2. Quarter of an hour later, from sea bed,
Workers did manage to pull her full dead!
A paramedic resuscitated
The Japanese lady, though was looted,
Her heart and respiratory functions!
In case of forty-nine-year-old, like fictions,
HINDU published, DPA's Tokyo's fine
News, on thirtieth March ninety seven!
Heart hers, did stop for more than ten minutes
As her car plunged into the sea: refutes -
This 'miracle survival'; practically -
Nil - survival after ten minutes, fully!

3. An Egyptian citizen, proclaimed dead,
Sat chanting, Holy Koran, to his dead -
Companions, as he returned to life
In the 'morgue' and found himself alone chief!
Shocked were workers, who arrived much later,
To see him alive, after twelve hours 'shelter'!
Overjoyed, members of grieving family
When went to retrieve body, now lively!
One doctor of Mamfia Hospital;
- Since, Abdul-Saffar's liver failed, fatal -
Had declared him dead, HINDU had given

On seventeenth July ninety seven,
GNA's Cairo news quoting promptly!

4. Above are, but just three cases justly
Reproduced here, that came to the view, while
Perusing pages of papers virile!
Taken together all over the world,
Total number of resurrections' fold
Unfolded would be more, if verified!

So, why phenomenon this glorified?
It is the work of the sanctimonious!
There had been quarrels few, acrimonious,
As The Resurrection has been a point
Of lively controversy, violent
Though not: triggered off with polemics, it was
Between His disciples and their fellow-Jews!
To explain the claims of His disciples
Stories were circulated on principles
By Jews: "disciples themselves had it stolen"
One such story said: another swollen -
Was, "swoon-theory", namely that He didn't die
Really: but death apparent: lot they vie!

To save face, they did change "Resurrection"
Just to mean changed future - "new creation"!

(((o)))

13. SHORT CUT TO BECOME RICH!

08 – 10 – 1997

Select a place conspicuous, footpath
The best, the more the public uses path -
That, the more the God's presence would fetch you!
Site selection if found best in thy view
Clean a small place: place a stone or a brick
Only wee hours of the night would do trick!
Be alert always, path-Gods' enemy
May strike at any time! Hum! Thingamy!
The devil, but footpath users' best friend,
His name he changes, as changes the trend!

Forget thee not to decorate forehead
Of stone/ brick in way same as His forehead!
Preference if any, you have for God -
Particular, picture too could do fraud!
Develop the God, in form they there need,
And not that you need stone, cross, crescent breed!

Slowly put a fence, and then slowly start
Worship, sacrifices, but don't distort-
Thy! aim; don't forget to keep "HUNDI", small,
But, empty it now and then, lest it fall
Into hands of thieves much better than you:
Big "VANCHI" would reveal your earnings new!

Now, you could enter the stage of donation -
Collection for the pillars' construction,
Roofs, walls and necessary all things for
Protecting "God" from sun, rain and to close a door!
Area under your control also now
Would be more, which; thee could never avow!

But, naturally path-way Gods do have
Their own limits, such way do they behave!

((((0))))

14. GROW INTO A GOD!

15 – 10 – 1997

But, if you want to become the real God -
Yourself, then tactics need a full change- broad!

Learn some hand tricks, some magic and practice
Bringing out 'vibhoothi', idols small, from space!
Wear long, robes, for, it would help you perform
Tricks, hiding 'vibhoothi', idols in form
Inside, and manipulate tubes and strings
To make fall on thy palm, those hidden things
At will, as if directly from heaven,
To make, believe, vulnerable Human!

Growing hairs and beard would make you look, divine!
Ideas other than money too, if fine -

To you; then, clean shaving would enhance sex!
Fortunate, curly hairs, otherwise long fix!

With confidence ample, then you enter
The arena, and in a tour cater
The needs, and settle finally at place
Appropriate, with plenty vacant space.

Select committees few, for - reception
Prayers, security, decoration,
Propaganda and money collection,
Deception: and for elimination
Of the 'Unwanted', who may pose problems
To set-up, and throw you in the doldrums:
A truly well trustworthy rowdy group,
Incognito: and to make food for the troupe!

Start with sheds, give direct and indirect
Publicities, to 'God' newborn perfect!
Create all make-believe situations,
To adore Thy pronunciations
There would be plenty: the duty is Thine
To create opportunities so fine!
Concentrate on the rich, among them are
Many who would soon fall at your feet: for
Thy blessings: and the rain of money-flow
Once started, would never end, but follow!

Scintillating symphony fast moving
Fascinating harmony cast dozing,
Quick rhythm hypnotising, dance inducing,
Keep spellbound devotees vacillating!

Include both sexes in your staff plenty,
No one shall know of your wisdom empty!

Grab the lands all around the place, shed stands;
You selected: Government vacant lands!
For, Government would not dare to face you,
Your devotees are now more, not a few!
Construct prayer houses, and make all tall
Infrastructures necessary to all!
Once compound wall too erected, then start

Colleges, Universities as part!

Impart education such; to you 'God',
They remain slaves ever to give head nod!

Start hostel for upliftment of fair sex
Destitute; enhance prestige, chance for sex!
Sex, robes, luxury, money for money,
Liquor and honour, honey for honey!

What a life of ease and peace, juice and 'fuse',
Never: you could enjoy here without dues!

Among, all different ways to progress
Life-prosper splendid, this the best, don't suppress!

((((0))))

vibhoothi: sacred ash

15. TURIN SHROUD A FRAUD?

17 – 10 – 1997

The HINDU dated tenth February
(Year can be found out, if necessary.)
Published AFP, LONDON news of ninth
Titled, "Turin shroud a fake?" of same month!

(Experts claim they have discovered how the
Turin shroud, once believed to have been the
Cloth Jesus was wrapped in, to be buried,
To give impression of human form, faked!
The Chicago-based micro-chemist toiled,
Calculated, a man had been sprinkled
With red ochre, and then wrapped in the shroud:
In the middle ages it was widely used -
Pigment in Italy, said Sunday Times.
Paint made from sulphate - Walter McCrone names -
Of mercury, vermilion was, then applied
To the needed various parts of the shroud
To simulate blood! Chemist McCrone would
Publish his findings next month in book titled
"Judgment day: for the Turin shroud!" Times said.)

So are, existence of religions fed
This is just one case of fraud that came to light
There were and are a lot, of such dupe-might,
The brain-child of the assistants, so called,
Whose livelihood would be at stake if man not fooled!

If god is real God, why He needs help, man's,
To get publicities among His fans?!
If god is God, why man takes so much pain
To give Him publicities through a chain
Of fake methods, fearing His death very soon?

FROM THIS CAN WE CONCLUDE god NOT GOD!?! DONT SWOON!

((((0))))

16. FORTUNALE! IT'S ALL FATE!!

21 – 10 – 1997

As if hell came down sudden in a dive,
On August six of nineteen forty five
Over Hiroshima fell, bomb new kind!
First time in history of world we find
An atom bomb being dropped to bring peace
On earth, by making World-war second, cease!
In seconds spread bomb's sphere-flame's diameter
To kilometers few, altogether-
Evaporating all lives and objects
Around, the same moment, really dejects!
Agree it was terrible holocaust,
But if war continued, more would have been cost!

Will astrology make claim, horoscope -
Of all the lakhs died showed death time same scope?!
Or will religion claim God had prefixed
Their time of death the same for the sins taxed?
Were all the men with the same: time of death!
Put up at the same place or brought with?

Those with ability to think at least
A little - make use of commonsense best -
Can't see eye to eye with astrology-
Mongers, God brokers and make an apology!

Same time deaths many occur at same place
As a result of accidents, commonplace,
At Mecca, and religious gatherings
Such as 'melaas', 'abhishekams', 'preachings'!
Earthquakes, landslides, cyclones and floods hidden -
Too, kill many at same time and place, sudden!
Their time and place of death weren't predetermined,
Even God didn't knew, Hiroshima's mind!

In a plane crash all passengers and crew
Expire at same time - master plan: who drew?
O! Did the computer-omnipotent
Select them to meet tragedy potent
And put them in the plane same, with content,
To die in single stroke?! Question important!

The bullets from terrorists' machine gun
Indiscriminately fired as a fun,
All of a sudden kills many, same time!
Innocent babies too fall a prey to crime!
Were they all of the same feather, fate tight
To die at their hands at the time same, right?!

Fate! An answer, miracle, invented
By God's so-called assistants, intended
To answer, answerless questions, to them -
Put, by the common man who couldn't fathom
The meaning of fate, and thereby cheating
Him, to earn their carefree, toil less living!

Concept, good or bad happens because of fate
Is totally wrong to deserve merit!
It's really to say the other way round,
It happened so, and so it's fate profound
To say, 'X' is fortunate and as such
Happened the good to "X" is in all, much
Absurd: It's to be observed the way other:
Good happened to 'X', 'X' is fortunate rather!

It's the result that decides good or bad
And not starting, that makes happy or sad!

Contentment that, "It is all fate!" is nonsense!
Enchantment, "It's fortunate!", too not conscience?

((((0))))

melaas : festivals. abhishekam: pouring liquids on the idol.

17. PRINCIPLES BASED, MIDDIE-MEN-LESS!

19 – 10 – 1997

When science and religion took form long back,
Then, good intentions behind them didn't lack!
Everything has effects two, good or bad,
In whose hands it is determines, sane or mad!
Used for betterment of man it's all fine
Used for bitterness of man, it's ruin!
In hands right, science saves lives of even Popes'.
In wrong, it could even make bombs for no hopes!
Religion in right hands could do: deeds good!
In wrong, just a means to earn needs and food!

Science is based on the reality,
But, religion, on man's frivolity!
If religion gives the blind-contentment,
The science, discernment, enlightenment!
Religion gives solace, only to blind-
Lambs, but science, succour to all declined!

The holy aims of science contradicts
The folly aims the religion predicts!
While science is branded responsible
For all ills of world, irreparable,
Global warming to ozone layer depletion:
Religion is singled out for dereliction
Of duty, for ethnic conflicts, genocide -
Witnessed in many parts of world, suicide!
Real fact is that religion and science
Are hijacked by vested interests offence!

Needed destruction-restriction-conscience
And ethics, in the pursuit of science;
Religion based on PRINCIPLES LOFTY -
Middlemen less, not God based piety!

(((0)))

18. BELIEVERS! DIFTERENT KINDS!

28 – 10 – 1997

Parents influence, moulds child, believer -
In the parents religion familiar!
Just imitating parents, grows up child:
As it completes adolescence, wild -
Thinking haunts veracity of belief!
Blindly follows, gets confused, finds relief,
From one to another, this vary their
Mentalities: majority do fear
God's displeasure: thinking-ability-less,
Or, refusing to think, they are – senseless!

Difficult, they would find to escape from
Religion's mesmerising clutches firm!
If one not brave and firm in convictions
But vacillating, nil his distinctions!
Differences nil between a drug addict
And religious fanatic: can't predict
His temperament, is the same way as
One that of a slave-to-alcohol has!

Willingly or unwillingly, some change
Their religion to facilitate marriage!
Some get trapped by religion 'conversionaries'!
Few turn atheist, revolutionaries!
Only the very few with will power
Could continue remain atheist ewer!
Wavering few may return to parent hold!
To, few, prestige bans return to the fold,
And so they find salvation, embracing
Some other religion, thus face saving!
Blind believers accept every aspect
Good or bad, as will of God and respect!

((((0))))

19. PUBLICITY REWARDS!

29 – 12 – 1996

Terrorists, prostitutes, smugglers, such all
Get publicities quite free, what a fall!
Goods sub-quality may face resentments
To nullify, cheats choose advertisements!
Poisons, Cotton pads, Beautifiers, Vests
All consumerables's existence rests
Indeed in wide costly publicities!
To exist! Which gets both publicities?

At that junction or on that road you stand
A pamphlet, printed, slips into your hand!
'From: where!? What could it be in!?' you wonder
Innocent you don't know it's a plunder!
Something sugar coated, you can't guess what's in
He who consumes falls a prey, others sin!

All mediums, with ingenuity -
Magazines of originality!
Full books, booklets, papers, pamphlets; mighty
TVs, radios; curing activity-
Fakes; oratorical pomposity -
Converge to a single identity!
Guess; what attracts greatest publicity?

No, not political duplicity
Thou art mistaken, it's God. Almighty!
Why feel He needs this hospitality?
Aren't degrading Him, cheap commodity?
Is this Thy assistants' morality?

Fortunate, that they are here, on the earth
To come to: Your rescue; before: Your death!
Pitiable situation God is
Lamentable condition His fate is!
